A GREAT WORKOUT WITHIN REACH

The 625T's **split-level display** keeps workout programs and metrics at eye level, so users can focus on their performance. Volume, speed, and incline buttons are built into the console, giving your members **total control** at their fingertips – for greater stability. Plus, you can choose the optional wireless audio receiver to feed sound from your wall-mounted televisions.

INTELLIGENT SUSPENSION

At the heart of the 625T is the **IS³ Intelligent Suspension System**, the result of extensive research conducted by the CYBEX Institute for Exercise Science. The 625T's deck is soft at landing, firm in the middle, and rigid at toe-off to precisely match the body mechanics of running. So runners will experience a smooth, comfortable ride with minimal stress, impact, and shock. The CYBEX IS³ system uses an advanced elastomer to cushion shock on every step.
