## THE Ultimate three or four weight stack Strength Training System for your gym or fitness center!

Commercial rated 1" shafts and pillow block bearings assure precise movement while providing ultimate durability.

Our cables are twice as strong as most competitors' cables. We use Loos USA 4000lb rated military-spec cables with stainless steel swaged ball ends for maximum life expectancy and user safety. The cables are routed over extra large 4 1/2" and 6" pulleys.

Each exercise station features easy to understand instructional placards to demonstrate machine set-up, proper form, and targeted muscle groups.

All Hand Grips are made of non-absorbent UV resistant, closed cell foam and are finished with machined aluminum grip caps to prevent wear while looking great. Hand Grips are positioned to keep joints in a neutral position, reducing joint stress and maximizing a safe workout experience.

Premium upholstered padding is full commercial, 40-50 durometer HR foam with sewn vinyl covers for maximum strength and a tailored look. Contoured seat and back pads provide lumbar support and maximum comfort.

Each station boasts a 2000lb, tiered weight stack. Additional weight can be ordered in 50lb. increments up to 300lb per station! Steel weight stack selector pins, are attached by a coiled lanyard to help prevent loss.

The open yoke Lat Pull-down has wide-open head clearance for safety. Also, the Shoulder Press allows for presses to be performed seated upright, facing in or out, for greater joint comfort.

The Liberator Strength Training System allows the user to position the seats for their height and comfort with our easy to use ratchet adjustment system.
